

Log Steppers

You can mix and match these hardwearing Australian ironbark log steppers, which are available in four sizes. They perfectly complement other natural timber pieces like our balance logs, log bridges, log pile and obstacle course. Posts are available in four sizes based on diameter – 150-200mm, 200-250mm, 250-300mm, and, subject to availability, over 400mm. They come supplied debarked, radiused, sanded and oiled.

150-200mm Diameter

- A-NAT-2217 200mm Height
- A-NAT-2258 400mm Height
- A-NAT-2261 600mm Height

200-250mm Diameter

- A-NAT-2224 200mm Height
- A-NAT-2259 400mm Height
- A-NAT-2262 600mm Height

250-300mm Diameter

- A-NAT-2225 200mm Height
- A-NAT-2260 400mm Height
- A-NAT-2263 600mm Height

Specifications

Age range: 2+
Number of play elements: 1
Equipment height: 200-600mm
Max fall height: 200-600mm

Play Types

Materials

Material specs
Frame: Ironbark Timber / Stainless Steel
Fasteners: Stainless Steel
Powder Coating: Dulux / Interpon

Please Note
Our Natura Play Elements ranges are made as original pieces, not mass-produced. The character of each piece will be affected by the individual timber available at the time of production. The above image should be used as a guide only. Whilst care is taken to select the best materials, timber is a natural material that is expected to seasonally expand and contract over time and when subjected to temperature extremes. We use Ironbark and Cypress timber in our designs, Cypress timber in particular is prone to fine checking and knots are very common. Accordingly, timbers supplied may have checks and knots that are not structurally compromising.
