

# Shoulder Mobility Station

FFP6029

As shoulder mobility declines with age this unit helps promote greater shoulder flexibility and strength by moving the handle through a track offering resistance.

## Specifications

Equipment size: 600 x 200mm

Fall zone: 5.7m<sup>2</sup>

## Play Types

\*All information is commercial in confidence and is the property of The Play Collective. For details regarding Australian standards, warranties, insurances, QA and installation, please contact your local office. All information is correct as at February 2024.
