

# Leg Press

Our Leg Press develops the quads, glutes, hamstrings, and calves. By varying your foot position you can emphasize different muscles. It builds strength in these muscles.

## Standards

Complies with Australian Standards AS 16630:2021 – Permanently Installed Outdoor Fitness Equipment – Safety Requirements & Test Methods (EN 16630:2015, MOD).

\*All information is commercial in confidence and is the property of Forpark Australia. All information is correct as at June 2022  
For details regarding Australian standards, warranties, insurances, QA and installation, please contact your local office.
